

Complex security landscape calls for fresh approach, officers should be knowledge warriors, says Prez

UDHAGAMANDALAM, AUG 4 /--/ Geo-strategic and geo-political compulsions and many other factors have made the security landscape more complex and changing times called for new ways to secure national interests and ensure national security, President Ram Nath Kovind said here today.

Addressing student officers of the 77th Staff Course of the Defence Services Staff College at Wellington near here, Kovind said as a defence professional, an officer has to be a knowledge warrior in sync with the age of knowledge warfare. "We are passing through challenging times which is full of changes. The concepts of national security and defence are changing. Geo-strategic and geo-political compulsions and many other factors have made the security landscape more complex. Low intensity conflicts, counter terrorism and non-combat conflicts pose different challenges and there is a need to have a thorough understanding of all aspects," he said.

"In these changing times, we have to think of new ways to secure our national interests and ensure our national security. This would require a fresh approach," the President added. The student officers would be given comprehensive inputs to help them understand the changing dynamics, he said. According to him, with an understanding of the larger picture, they would be able to identify their role in the areas of national security. The President said the 21st century society is described as knowledge

society. "Knowledge truly is power in this century. Just as we are said to be in an era of knowledge economy, we are also into the age of knowledge warfare." As defence professionals, the officers have to be knowledge warriors, he said.

Kovind expressed confidence that their professional learning at Defence Services Staff College would enable them to imbibe the required competencies. "It would equip them with the right toolkit to take on bigger challenges in the future," the President said and

mentioned that continuous learning of cutting-edge technologies, state-of-the-art strategies and tactics, and latest developments would make them sound professionals.

The armed forces are amongst the most respected entities of the nation. The members of the forces have earned the regard of fellow citizens by their untiring efforts and great sacrifices. They have rendered invaluable service to the nation during times of war and peace, Kovind said. Referring the COVID-19 pandemic, the President said that the recent past has been very difficult for the entire humanity. (PTI)

MP rain fury: Over 1,200 villages hit by floods; nearly 6,000 people rescued, 1,950 stranded

Centre working with state to assist those affected by calamity: PM

BHOPAL / NEW DELHI, AUG 4 /--/ The flood situation was "grim" in north Madhya Pradesh where over 1,200 villages were affected by the deluge following heavy rains and 5,950 people were shifted to safer places with the help of the Army, NDRF, BSF and state agencies, chief minister Shivraj Singh Chouhan said today.

Chouhan said 1,950 people were still stranded in the flood-hit areas and efforts were on to rescue them. Rail services between Shivpuri and Gwalior and telecom services in Morena district were badly affected due to the monsoon fury, the chief minister told newsmen. The rescue operations using helicopters resumed again on Wednesday, after being affected due to the bad weather on Tuesday. Chouhan undertook an aerial survey of the flood-hit areas on Wednesday afternoon. The flood

situation in north Madhya Pradesh is grim...1,225 villages in Shivpuri, Sheopur, Datia, Gwalior, Guna, Bhind and Morena districts are affected," Chouhan said. The State Disaster Response Force (SDRF), the National Disaster Response Force (NDRF), the Indian Army and the BSF together have succeeded in evacuating 5,950 people from 240 villages, he said.

"Four columns of the Army, BSF, NDRF teams and 70 teams of the SDRF have been deployed for the rescue work. More teams of the NDRF are coming...five helicopters of the Air Force, including four in Gwalior and one in Shivpuri, have also been pressed into the rescue operations, the chief minister said.

But, it is a matter of relief that the water level is coming down in some places, he said. Some villages in Sheopur district were completely

submerged, but the people stranded there were safe. The Army was reaching those villages for the rescue operations, the chief minister said. The Army also reached Datia, where 1,100 people were rescued from 36 villages, he informed. Some people were airlifted from a place in Datia districts where all the main roads are shut due to inundation, Chouhan added.

Two bridges in Datia district collapsed due to flooding. A crack emerged on a bridge over the National Highway no. 3, hence it has been closed as a precaution, he said. Nearly 3,000 people were shifted to relief camps in Gwalior, where 46 villages were affected.

In Shivpuri, 800 people were rescued from 22 villages, the chief minister said. Chouhan further said there was a danger of flooding in Bhind and Morena districts as the

water level of the Chambal river was rising due to heavy showers. The level will further go up in these districts as water was released from a barrage over the Chambal river, he said. People from low-lying villages in these districts were being evacuated, he added. Prime Minister Narendra Modi today spoke to the Madhya Pradesh chief minister about the flood situation in the state, and said that the Centre is working closely with the state government to assist those affected by the heavy rains.

"The central government is working closely with the Madhya Pradesh government to assist those affected by heavy rainfall and flooding in parts of the state. I have spoken to CM @ChouhanShivraj and reviewed the situation. I pray for everyone's safety and well-being," Modi tweeted. (PTI)
